MEGDAD Imed

Student in the 3nd year of Computer Science at ESI-Algiers.

li_megdad@esi.dz | +213 698567597 | Megdad imed

I am Megdad Imed, a **student** at **ESI ALG** and a **full stack web developer** with **2 years** of experience. My experience spans multiple academic and personnel projects.

My skills set includes expertise in **Laravel** and **Django** for backend development, as well as **HTML**, **CSS**, **SCSS**, **JavaScript**, and **React** for frontend development. I have used **SQL** databases for all my projects. I have been working on my problem-solving skills for 3 years and have built a general understanding of software **architecture patterns**.

In my years of studying computer science, I have learned many programming concepts like **OOP**, **data structures**, etc..

I continuously work on and learn from other projects to further enhance my skills and stay updated with the latest industry trends.
